MASTER CONTACT LIST - OTTAWA-CARLETON, December, 1984

Introduction:

This short volume contains listings of community organizations in the Ottawa-Carleton Region which are:

1) known to the authors
2) membership-based (either based on individual members, group members, or both), and
3) utilize some of their resources influencing local policy-making.

The Public Participation Group wishes to thank the listed organizations for their assistance in keeping us up to date with information about themselves, and the staff of the local municipalities who have shared their specialized knowledge of groups within their borders.

How to Use This List:

All listing are in alphabetical order, with listings starting with a number listed at the beginning (that's the way our microcomputer's logic works). Some association names do not start with their most descriptive term (such as Association of Residents of Orleans Woods vs. Orleans Woods Residents Association) and we have tried to cross reference these in a separate list at the end. Two fields have been added to further assist the reader in finding groups: 1) TYPE and 2)GEO-CODE. These are described below.

TYPE:

AGRI	- agricultural groups
BUSINESS	- business sector groups (not neighbourhood-based)
CONDO	- condominium corporations
COOP	- cooperatives (mostly housing coops)
CULTURE	- language and ethnic groups
ENVIRON	- environmental groups
MERCHANT	- neighbourhood-based business association
NEIGH	- associations of residents, ratepayers, homeowners (most often called "community associations") urban only
NEIGH-R	- like NEIGH above, but rural only
RECREAT	- recreation associations
SCHOOL	- school councils
SOCIAL	- groups relating primarily to social issues or services
SPECIAL	- groups that don't fit into any other category
TENANT	- tenants associations, public, private, and non-profit
TRANSPOR	- groups oriented to transportation issues
WOMEN	- women's groups
WORK	- groups oriented around the work of their members (labour and professional associations)
suffix-F	- federations

Revising Information

Since this list is not based on any mandatory registration procedure, there is no guarantee that it is complete or accurate. Within the limited resources of the Public Participation Group, information is checked before inclusion. This list will grow in accuracy and completeness as its use grows.

Now that it is on a microcomputer in our office and under our control, 1) updating will be faster and more accurate, and 2) the information will be available in more forms. In short, if you have information to add or need more recent information than you find here, just give us a call. Likewise, for a copy of this list or for a list of the other publications of the Planning Department, call us, drop in, or drop us a line. We also have a map with the boundaries of these associations plotted for reference.

Let us know of ways that this list can be made more useful for your needs.
